

Dear Parents and Caregivers,

It is with great pleasure that I can announce that, due to a partnership with

### **Bizzee Breeze Canteen**

we will be able to offer students lunch orders every day **as of today Tuesday, 09 October 2018.**

It is very important for you to know that this is a trial for Term 4; we need to be convinced that the outsourcing of this has the support of the school community through regular customer orders for it to be sustainable, and to remain an option for the future.

### **ONLINE ORDERING ONLY**

The **only** way you can order lunch for your child is online? It's a great way of ensuring your child gets the lunch you planned, and eliminates the need for cash at school (or at the shops on the way to school!). You can create an account online at [www.munchmonitor.com](http://www.munchmonitor.com) and add credit from a Visa or MasterCard.

All orders must be in by **9:00 AM**, for that day's lunch.

Please find information attached to this note and a copy of the new menu and an Online Ordering registration form and instructions.

I'm looking forward to the success of this new partnership!

Regards  
Margaret Gold  
PRINCIPAL
